

BOYS PLAY POLICY

Boys may always play in boys' tournaments within the correct division or age group. The Region will facilitate in any way we can to help boys find a team within or outside the Region.

Boys on girls teams and Boys teams may participate in junior girl's tournaments until USAV age definition of 14 and under. The rationale being that boys physically mature earlier than girls and the lower net height becomes a danger to fellow participants after the age of 14. The Region reserves the right to allow waivers or deny participation in the interest of safety.

AGE WAIVERS

Because the Region plays a division format at most tourneys no age waivers will be awarded for play within the Region. SURVA will allow an age waiver for play outside the Region for tournaments other than National Qualifiers & only with agreement with the outlying Region.

****Note:** Per Region rule there are no age waivers awarded for competition at USAV National Qualifiers.
